

Director of Public Health, Town of Hudson

The Town of Hudson seeks a collaborative, creative and energetic Public Health Director. Under the policy direction of the Board of Health and the administrative direction of the Town's Executive Assistant, the Public Health Director directs and oversees all public health initiatives, statutory inspections, septic system installations, tobacco and opioid control efforts, and investigates and enforces the sanitary code. This full time position requires a Bachelor's degree in public health or related field, with a graduate degree strongly preferred, 3-5 years of public health experience and a valid driver's license.

The position is full-time and the salary range is **\$69,194 - \$91,054**. A full job description is available at www.townofhudson.org
