**Open Space and Recreation Plan ADA Evaluation**

**Present: Krista Moravec, Horsley-Witten Group**

Krista Moravec, consultant preparing an Open Space and Recreation Plan (OSRP) update for Hudson, gave a short presentation explaining the OSRP and showed a draft ADA evaluation with action items for 24 open space and recreation parcels. Frank Noyes said that accessibility was not possible on some of the sites, and the focus should be on sports fields and playgrounds. He suggested a particular focus on the fields near the high school. Sheryl Marrazzo thought that Wood Park should also be a high priority. Sheryl Marrazzo noted that a number of action items were based on the 2018 ADA Transition Report and some of these had already been corrected. Pam Helinek said that new ADA-compliant paths and furniture had been added at Cellucci Park and that the Recreation Division was planning a new playground for Wood Park. Krista Moravec said she would meet with Recreation Director Steven Santos and also plan to visit parcels that were not revisited since 2018 or that were deemed high priority. Sheryl Marrazzo and Frank Noyes offered to accompany her. Site visits were planned for Friday October 27 at 1PM.
