- c) Selectmen to consider approving a Public Property Usage Policy for the Downtown area.

Mr. Hunter has prepared a public property usage policy for the Board to review. He suggests that any dumpsters on Town property get a revocable license that would be renewed yearly. The fee for the license would be based on square footage (\$7.00 per square foot). One of the dumpsters takes up two parking spaces. The business owner will be charged an additional \$500 per space for the license.

A discussion ensued regarding the use of one dumpster on public property by multiple businesses. The Board was unsure how to address this issue. They decided further discussion regarding this would be necessary and requested that Mr. Hunter rework this part of the policy.

He also identified the parking spaces that are on Town property that have been "self-assigned" by the tenants / business owners. The Board instructed Mr. Hunter to
