Present to represent the Hudson Cultural Alliance were Mr. Horvitz and Mr. Desmond. Mr. Lucy began by asking whether the HCA has the money on hand for the purchase of the Armory, which is \$230,000. He also asked if they have additional monies on hand to cover the operating costs of the building until the project gets financed. Mr. Horvitz said no to both questions. He explained that when they last met with the Board was to initiate the price discovery process as well as to get further BOS support. They now have a price and a target to shoot at and feel now they can begin their fundraising efforts.

Mr. Parent cited some concerns regarding this project. He noted that there are no more extension available from DCAMM. He questioned whether there is a high degree of confidence that this project will be completed in a timely manner. He fears that this is a financial risk for the Town as the Town will purchase this (with HCA funds) and be responsible for it. He stated that HCA could potentially walk away if they find they cannot get the program going the Town is left with the property. Mr. Parent stated that he can not vote to support going forward.

Mr. Lucy stated that one of the biggest issues is that the building cannot be destroyed and the windows cannot be replaced. He also stated that he is not convinced that this will not cost tax payers anything. Mr. Lucy also stated that he also cannot support this.

Mr. Horvitz explained that they cannot go forward without the Board's support. He stated that if they end up not being able to raise the \$230K that the Board can pull the plug of the project and will have not lost anything. Mr. Moses agreed that up until the date of closing the Town can simply walk away.

Mr. Durant stated that he has major concerns with regards to the financial viability of the project. He wanted to make it very clear that by voting to move forward tonight does not mean that he will ultimately support the acquisition.
