

Boatwise 2016-17 One-Day Boating Classes

Safe Boating Basics

Learn the aspects of boating safely and legally in this NASBLA approved ONE DAY of classroom instruction. A "must" for all boaters, all ages. This class usually lowers your boat insurance premium. Massachusetts approved for young operator's permit (age 12 - 16). Approved for all ages in Rhode Island and CT. Tuition: \$99

Coastal Navigation

Fundamentals of coastal navigation from the perspective that the student has no current knowledge of navigation techniques. This 8-hour curriculum includes 2 to 3 hours hands-on chart work using skills taught. Tuition: \$99

Advanced Navigation

Continues the instruction from where the basic class leaves off. This 8-hour curriculum includes 2 to 3 hours of hands-on chart work using skills taught. Tuition: \$99

Marine Electronics

Today's electronics usually have multiple technologies available in the display. This one day class includes Chartplotters, Radar, AIS, (DSC) VHF Radio, Fishfinders, Autopilots, and more. It is the most comprehensive class on your vessel's electronics available today. Tuition \$135

Private Training Available: Private Docking and Maneuvering Training, On-Board Electronics Training, Boat Deliveries.

Private Group Classes on all topics are available!
Call for more info. (800) 698-7373

2-Day USCG Launch Tender Course

The Launch Operator's License comes in two versions - uninspected or inspected vessels. The renewable license allows you to work at any yacht club or marina and is good for five (5) years. The holder may operate up to 1/2 mile from shore. Testing is administered by Boatwise at end of second day - no need for Coast Guard exams. Tuition: \$295

Private Launch classes for Marinas/Yacht Clubs available
