FISCAL YEAR 2023 ANNUAL FINANCIAL REPORT

December 31, 2023

To the Honorable Board of Selectmen and the Citizens of Hudson:

In accordance with the provisions of Massachusetts General Laws, the Annual Report of the Departments of Finance comprised of the Town Accountant, Town Treasurer/Collector and Board of Assessors, for the fiscal year ended June 30, 2023, is herewith submitted.

The reports contained herein present fairly the material aspects of the Town of Hudson's financial position and results of operations. Financial reporting is in compliance with the Massachusetts Department of Revenue's Uniform Municipal Accounting System (UMAS) and Generally Accepted Accounting Principles (GAAP) as promulgated by the Governmental Accounting Standards Board (GASB).

The Town of Hudson is required to undergo an independent annual Single Audit in conformity with the provisions of the Single Audit Act Amendments of 1996 and the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments and Non-Profit Organizations. Marcum LLP (formerly Melanson, Heath & Company, P.C.), Certified Public Accountants perform the audit.

Respectfully submitted,

Neil A. Vaidya
Director of Finance/Town Accountant

**Board of Assessors
Annual Report
2023**

The primary role of the Board of Assessors is to value all Real and Personal property subject to tax in the Town of Hudson. The Assessors strive to maintain accuracy and predictability of a stable property base during a time of ever-changing economies and market conditions. Our assessed valuations are based on “fair cash value,” which is defined as to what a willing seller and willing buyer would pay in an open market. The fair cash value standard ensures that each property owner pays only their fair share of the tax burden. We have consistently exceeded requirements during the annual state reviews and certifications by the Department of Revenue. Certification is required yearly in order for the Town to issue tax bills with the classification hearing with Select Board the first week of December.

As of January 1, 2022 (the assessment date for fiscal year 2023), the average single-family home was valued at \$498,197 compared to \$ 439,328 the previous year, an 11.52% increase of value. The last 5 years from FY19 to FY23 we have seen a steady increase in values (\$372,142 to \$498,197). The current trend shows values still increasing but at a slower rate going into FY24.

Total valuation of the town was \$3.7 billion generating revenue of \$61.1 million. Twenty Eight (28) real estate and personal property valuation abatements were granted totaling \$87K while the town also issued 159 exemptions totaling an additional \$151.6K. Full details are included as part of our exhibit.

The Assessor’s office continues to perform well and there have been no increases to office staffing. Our experienced Board and staff continue to meet all requirements, and this is reflective of the accuracy of the data. This results in the low level of abatement applications. Due to this fact, the Board has consistently returned unused overlay for general use by the Town. The Town continues to engage the contract services of Vision Appraisal of Northborough as well as third party appraisers if needed to defend any values brought before the Appellate Tax Board. As noted below, Vision also provides the software platform the Town uses to compile values.

The Board also belongs to various state and international associations including Mass Chapter IAAO, Middlesex County Assessors, and MAAO. These affiliations allow us to remain educated on the latest developments in our field.

The Vision Appraisal database software continues to operate well. We continuously upgrade and leverage technology, such as mobile applications. This facilitates the process to help maintain the accuracy of our software and data. The Board continues to offer the alternative of an external contract for visiting single family homes and collecting data. A systematic visit program is required by the State in order to gain certification. The elected Board has assumed this role to not only obtain more accurate data but also to avoid the potential higher cost of contracting an outside service.

Respectfully Submitted,

Christine Griffin – Chairman
