

Bike and Pedestrian Committee Volunteers Needed

The Hudson Select Board has approved the creation of an Ad Hoc Bicycle and Pedestrian Committee. Its purpose is to develop, update, and implement a Town-wide Bicycle and Pedestrian Master Plan, and to prioritize bike and walk projects that can be implemented over the short term and over the next decade.

The Committee plans to meet with all constituent groups and neighborhoods in Town to get a wide range of input on our current infrastructure (sidewalks, paths, crosswalks, etc.) and on how easy and safe people feel getting to businesses and public facilities other than by driving.

We are looking for volunteers to help with reviewing and documenting current infrastructure, advertising and running constituent meetings, researching best practices, identifying priority projects and writing and presenting the findings of the Committee.

If you would like to serve on the Committee, or if you would like more information about the work that the Committee will be doing, please get in touch with Tom Green at tom@greenhudson.org.
