

HUDSON SELECT BOARD

Statement on the Possible Acquisition & Redevelopment of the Hudson Portuguese Club

April 15, 2022

The Select Board has begun an analysis on the potential acquisition of the Hudson Portuguese Club and its strategic redevelopment for municipal and school use. Preliminary discussions last year between the Executive Assistant and the Club's directors confirmed that there is interest to explore a possible deal that could be beneficial to both parties. The Board has requested that the Executive Assistant provide the Board with the information necessary to determine whether such a project is not only feasible financially but also aligns with the specific needs of municipal and school operations. It is anticipated that this analysis will take some time. If a decision is made to proceed forward on this project, opportunities for public comment will be made available. It is important to note that the Hudson Portuguese Club is not otherwise for sale. The Club will continue to provide the same services to the community as it has for many years.
