Re: FY2024 Year-End Deficits

Attached to this memorandum is a spreadsheet showing current year (FY2024) deficits in various departmental operating budgets. To resolve these deficits, I am requesting that the Finance Committee recommend deleting “a sum of money” in Article 2 on the Annual Town Meeting Warrant and insert in its place “the sum of \$230,789” so that said sum may be transferred at Town Meeting from previously certified and available Free Cash.

As mentioned previously, year-end deficits in prior years have typically been resolved via the alternate method as allowed in G.L. Chapter 44, Section 33B which requires that both the Finance Committee and the Select Board approve transfers from department budgets where a surplus is anticipated by June 30th. My preference is to continue the new practice, established last year, to bring current-end deficits to Town Meeting to be resolved via Free Cash since Town Meeting is the legislative body which originally appropriated the operating budgets in which the deficits occur.

I am available to answer any questions.

cc: Select Board
Neil Vaidya, Finance Director
Joan Wordell, Town Clerk
Richard Harrity, Town Moderator

FY2024
PROJECTED YEAR-END DEFICITS

Department	Account	Amount	Explanation
Building Department	Expenses (2410-040)	\$10,000	To fund costs associated with the unforeseen mechanical repairs to Car #2.
DPW - Vehicle Division	Expenses (4219-040)	\$22,000	To fund cost increases associated with general supplies, parts, and lubricating oil.
DPW - Snow & Ice Control	Expenses (4230-040)	\$35,359	To fund a snow & ice control budget deficit which includes expenses for salt, liquid calcium, and vehicle repairs.
