Water Update – July 25, 2019

Chestnut Treatment: Startup was delayed due to controls programming. Startup has been rescheduled for Monday, July 29th with Mass DEP. Once the system is online, we will take the initial sample and will post results as soon as they become available.

Booster pumps for Chestnut Well

Pump drive & electrical disconnect

Cranberry Well: As of Friday, July 12th, the well is now providing 500 GPM of water into the distributions system.

Carbon filter vessels at Cranberry Well

Please continue to check the Town website for updates.
